### **Todd Selby Louboutin Photograph**

*We know everyone here loves Louboutin shoes. Todd Selby's photograph entitled Christian's High Hell Ballerina Shoe, 2008 is a 45 x 30 inch Digital C Print in an Edition of 6.*

A framed Todd Selby photograph of a Louboutin high heel ballerina shoe! Christian Louboutin is a ball of positive energy that keeps on going and going. For someone whose products are the definition of luxury, he is shockingly down-to-earth and humble. He drives around Paris in his sneakers on a beat-up scooter. His pet peeve is women telling him his shoes are uncomfortable to walk in. As he says, some of his shoes are "for the bedroom and not for the workroom."
